

Our book centers are focal points of the Pauline mission. They are centers of light and warmth in Jesus Christ. Their aim is to serve the Church and people's spiritual needs. Light, holiness, joy in Jesus Christ and Christian life are the goals sought.

## The Daughters of St. Paul

We are a self-supporting missionary congregation of religious Sisters serving throughout the United States and the world. Like St. Paul the Apostle, we dedicate our time, our energies, our whole lives to the proclamation of the Gospel. As women sent to communicate the truth of God's love, we place ourselves at the service of the Church using print, radio, TV, music and other means of communication. The Word of God meets the world every day in over fifty nations through our Pauline Books and Media Centers, our evangelization outreach, and media seminars. Our consecration, nourished through daily Mass, meditation, community prayer and our Hour of Adoration before the Blessed Sacrament, roots our life in Jesus Master, Way, Truth and Life.
